The Product Certification Body applied certification scheme 3 in compliance with the provisions of the ČSN EN ISO/IEC 17067:2014 and relevant parts of the above mentioned standards. At the same time, the Certificate confirms that the manufacturer has created prerequisites for assuring stability of the product quality. The product description, documentation, results of tests and inspections are given in the Final Report No. **373500462/2017** on the control of the certified product, which is attached to the present Certificate.

This certificate is issued under following conditions:

- 1. It applies only to the above referenced models of the product.*
- 2. The manufacturer is obligated to assure that all products of the respective models conform to the type assessed by this certificate.*
- 3. The validity of the certificate is conditioned by positive results of surveillance audits and control tests or assessments carried out at least once a year by the Product certification body.*
- 4. The certificate holder is obligated to inform the Products Certification Body on the raw materials and/or technology changes that may affect the certified product properties.*
- 5. The certificate holder shall adhere to the 'Rules of Certificate Use' by exploitation of the certificate. The Rules are published on www.itczlin.cz.*
